The United States Postal Service (USPS) has advised the Patent and Trademark Office (PTO) that delivery of mail picked up by the USPS at the PTO around March 18-19, 1991, was delayed. Delivery of that mail could have taken place as late as May 15-17, 1991.

To minimize, if not eliminate, any adverse impact caused by the USPS delay, and subject to the conditions specified in paragraph 5, the following times for taking action in response to a PTO letter involved in the delay apply.

1. If a decision of the Board of Patent Appeals and Interferences (BPAI) or the Trademark Trial and Appeal Board (TTAB), is date-stamped on any date in March 1991, and was delivered by the USPS after May 1, 1991, then the time for taking action under:
 - (a) 37 CFR § 1.196 (new ground of rejection);
 - (b) 37 CFR §§ 1.197, 1.658, 2.129, or 2.144 (seeking reconsideration); or
 - (c) 35 U.S.C. § 141 or § 145 or 15 U.S.C. § 1071 (seeking judicial review),will be extended to and including Monday, July 1, 1991, unless the date for taking action is already set to expire later than July 1, 1991, in which case the later date applies. 37 CFR §§ 1.304 and 2.145.
2. If an order, decision, or other action of the BPAI or TTAB, other than those which would call for taking action under subparagraphs (a) through (c) of paragraph 1, is date-stamped on any date in March 1991, and was delivered by the USPS after May 1, 1991, then the time for taking action shall be determined by:
 - (1) the Chairman of the BPAI or his designee in a patent case; or
 - (2) the Chairman of the TTAB or his designee in a trademark case.It is not possible, from a practical point of view, to set by general notice a date for taking action in the numerous situations which can arise in connection with most interlocutory orders, decisions, and other actions entered by the BPAI and TTAB. However, it is expected that appropriate relief will be granted on a case-by-case basis.
3. If an advisory action entered in an ex parte patent case after final rejection (see Manual of Patent Examining Procedure, § 714.13) is date-stamped on any date in March 1991, and was delivered by the USPS after May 1, 1991, and applicant can still take, and wants to take, action within the six-month period allowed by law (35 U.S.C. § 133), then the provisions of 37 CFR § 1.136(a) and (b) are waived (37 CFR § 1.183) to the extent that an extension of time under 37 CFR § 1.136(b) will be granted without a fee even though filed after the day on which action by the applicant is due. In no case can the extension carry the date on which a response is due beyond the six-month statutory limit (35 U.S.C. § 133).

If a PTO paper, i.e., any ex parte rejection, ex parte refusal, decision, order, requirement, request for payment of a fee, or other similar paper (except decisions or orders of the BPAI or TTAB, which are governed by paragraph 1 and 2, or an advisory action in a patent case, which is governed by paragraph 3), is date-stamped in March 1991, and was delivered by USPS after May 1, 1991, then:

- (1) the PTO paper shall be deemed to have been mailed on Monday, May 20, 1991, and
- (2) any response filed within the time period as reset by this notice will be deemed to be timely filed.

5. To receive the benefits set out in paragraphs 1 through 4 for a paper being submitted, a written request for appropriate relief must be filed with, and preferably as part of, the paper. The written request (1) must make reference to this notice, and (2) must include a statement signed by a practitioner, as defined in 37 CFR § 10.1(r), which identifies the PTO paper with reasonable particularity and states that the PTO paper being responded to:

- (a) has been reviewed;
- (b) bears a PTO date stamp having a date in March 1991, specifying the date of the PTO date stamp on the paper; and
- (c) was received after May 1, 1991, specifying the date the paper was received.

A copy of the page of the PTO paper bearing the PTO date stamp and a date stamp, or other indication, showing receipt of the paper should be attached to and made a part of the statement. For example, an appropriate statement is:

I, _____, an attorney (agent) of record in the above-identified proceeding before the Patent and Trademark Office, have reviewed the following paper: (identify the paper, i.e., the decision of the BPAI, the decision of the TTAB, the first Office action, the final refusal, etc.). The paper has a PTO date stamp of March __, 1991, and was received on May __, 1991. A copy of the page of the paper showing the PTO date stamp and a date stamp showing receipt of the paper is attached.

6. It is not possible to extend times set by statutes which leave the Commissioner no discretion to extend times, e.g., (1) responding to an ex parte patent rejection (35 U.S.C. § 133) or an ex parte trademark refusal (15 U.S.C. § 1062) after expiration of the six-month statutory period; (2) supplementing certain affidavits of continued use under 15 U.S.C. § 1058 [(*In re Mother Tucker's Food Experience (Canada), Inc.*, 925 F.2d 1402, 17 USPQ2d 1795 (Fed. Cir. 1991); *In re Culligan International Co.*, 915 F.2d 680, 16 USPQ2d 1234 (Fed. Cir. 1990)]. Nevertheless, it is the intent of this notice to indicate that PTO intends to grant relief, where possible, to alleviate any hardship caused by the mail delay which occurred in this particular situation.

7. For specific situations not covered by this notice and involving the mail delay discussed above, members of the public may contact the following:
